

Greeting from Vintage Birds,

Starting in 2018, the officers of the Vintage Birds Chapter of FMCA have decided to increase our support for the Blue Bird Wanderlodge and BMC community by sponsoring a web site to promote All Bird Rallies.

Hopefully, this web site will provide one central location where All Bird Rallies will be listed and rally hosts will be able to control all information concerning their rally. Additionally, we hope the rally hosts will provide 'Rally Highlights' after the rally so we can provide the community with archives of our Bird rallies.

If your Blue Bird Wanderlodge and BMC community has a web site we encourage you to add a link to the All Birds Rally web site so your members can easily review All Bird Rally information which includes a 'Calendar View' for planning.

The link is: <https://vintagebirds.wildapricot.org>

At this point we have added a few of the 2018 rallies to the web site from information available on-line but we are just now informing rally hosts about the web site. Therefore, if you don't see your rally, have your rally host email all information about your rally to: birdrallies@4email.net and we will add it to the web site.

Happy New Year and Hopefully We Will See You at a Rally!
