

ROOM EXTENSION ASSEMBLIES

GUIDE PAGE

"BLUE BIRD"

PROCEDURE:

1. Locate the HWH identification tag on the room extension mechanism to get the correct room extension part number.
2. Find the correct room extension part number in the left column below.
3. Refer to the proper parts page for general replacement parts information and item number arrangements.
4. Vertical Arm Room Extension assemblies have two room extension part numbers. One number is for the left arm, one is for the right arm.
5. As of 1999, two cylinder room extensions with a synchronizing cylinder have two room extension part numbers. One number is for the left assembly, one is for the right assembly. If the room extension assembly originally had one number, that number is listed with the new numbers.
